Dear Messrs. Day and Jansen:

SUBMITTAL OF APPENDIX D FOR THE HANFORD SITE GROUNDWATER BACKGROUND REPORT,  
M-28-04

Supporting data, information, and interpretations, which are to be included with the Hanford Site Groundwater Background Report (DOE/FL-92-23), are enclosed. This enclosure, referred to as Appendix D, contains data and information, which were unavailable at the time of publication of the background document. These data are critical to the interpretation of the Hanford Site Groundwater System, which is necessary for an accurate assessment of groundwater compositions for the Hanford Site. This Appendix provides supporting information for the Hanford Site Groundwater Background Report.

It is suggested that during the week of December 1, 1992, a date be established for a joint meeting for resolution of comments, if necessary. Subsequent to that, a revised groundwater document will be released on or before July 30, 1993.

Messrs. Day and Jansen
